

Examination Reform Policy

J.S. UNIVERSITY

MAINPURI ROAD SHIKOHABAD (FIROZABAD)

Introduction

In the era of globalization, there is an essential need to face and compete the challenges and respond them day to day basis. To conquer these challenges, future engineering graduates need to have intellectual beauty as well as technically superior and professional.

As the examination/assessment play an important role in improving or enhancing the quality of education. Examinations need to make sure for achieving the desired learning outcomes. The achievement of objectives and program outcomes are crucial and needs to be proven through accurate and reliable assessments.

Considering the above imperatives, it is clear that reforms in Examinations are critical for improvement of the quality of Indian engineering education. For reforming in examination system of Indian engineering education, J.S. University has taken many actions for implementation in Examination/Assessment:

1. Outcomes based Education and Assessment
2. Improving Quality and Structure of Assessment
3. Adoption to AICTE Model Curriculum for Engineering & Management Program
4. Adoption of various digital initiative of MHRD & AICTE as-
 - Facility to watch MOOC course through SWAYAM
 - LMS Facility
 - Registered on NDLI Club to facilitate learning among students
 - Tie ups with many excellent colleges and companies like IIT Kanpur, BOSCH, TALLY, MSME, etc.
