Teaching & Learning Satisfaction Feedback Report 2020

Introduction

This feedback report presented by IQAC to the Members of Academic Council on this 24th February 2021. The feedback is based on the survey conducted during December Month of 2020 for the given questionnaire and respective to the responses, the actions have been planned as provided further in this report.

Objective

The institution is committed to provide the best possible learning through modern tools and techniques. For continuous improvement in its teaching and learning mechanism, regular feedback, its analysis, actions planning, and further implementation is utmost important. The institution uses the outcome of Feedback Analysis for redesigning its teaching and learning mechanisms to meet the changing requirements and demand of the stakeholders including students, faculty, employers, alumni, and external professionals.

Methodology

The feedback questionnaire has been prepared to cover the set objective. Separate questionnaire dedicated different classes of the participant have been created and shared with the intended participants. All received feedback have been considered equal-weighted and analysed accordingly. As per the requirements and practical feasibilities, actions have been planned and implementation is executed based on respective approvals from competent authorities and Management of the institution.

Set of Questionnaires

Different sets of questionnaires have been prepared and presented to different classes of stakeholders including Students, Faculty, Employers, and Alumni. All questions have been provided with 05 options of answers namely: Strongly Agree, Agree, Somewhat Disagree, Disagree, and Strongly disagree.

Response Analysis for Alumni

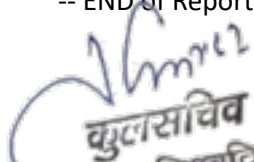

Conclusion

In the pandemic conditions, the students have been struggling to keep up their studies in online mode. Majority of the participants in the survey are found to be much satisfied with the current operations of the institution and no much difference has been seen in the trend from the past years. Although suggestions through alternate information and parents-teachers meeting have come for improving the administrative processes related to transport and hostel as per pandemic conditions.

Action Planning

- Transport department have been given instruction for further increase in the number of busses, and widening the coverage along with further improvement in the quality of buses.
- Administration Department have been given instructions about increasing the frequency of inspections in hostel for quality checks as per COVID19 protocols.
