

J.S. University, Shikohabad
Faculty of Information
Technology

Value Added Course

AY: 2022-23

JAVA PROGRAMMING

Learning Outcome:

This Course will provide knowledge of Information Technology

Duration: 30 Hours. (Theory and Practical)

Course Outcome:

- Follow standards and declaration rules in writing Java programs
- Write simple Object Oriented Programs using Java
- Apply operators and boxing to write business logic in Java
- Handle exceptions, strings and date while creating applications
- Write Java programs using Generics and collections and implement concurrency in the programs
- Develop GUI based Application using event driven programming

MODULE I

6 Hrs.

DECLARATION AND ACCESS CONTROL

Identifiers and JavaBeans standards - Declaring Classes - Declaring Interfaces - Declaring Class Members - Constructor - Declaring Enums

MODULE II

6 Hrs.

OBJECT ORIENTATION

Encapsulation and Inheritance - Polymorphism and Reference variable casting - Overriding and Overloading - Constructor and Instantiation - Static Variable and methods - Coupling and cohesion - Garbage Collection

MODULE III

7 Hrs.

ASSIGNMENT AND OPERATORS

Stack and Heap memory Overview - Literals, Assignments and variables - Method calling Mechanism Array and Overloading - Wrapper class and Boxing Assignment Operator, relational Operator - Instance of and Conditional Operator

MODULE IV

4 Hrs.

EXCEPTIONS STRINGS AND I/O FORMATTING

Exception - String, String methods - StringBuffer, StringBuilder - File Navigation, I/O - Dates, Numbers and Currency

Technology

Value Added Course

AY: 2022-23

MODULE V

7Hrs.

GENERIC, COLLECTIONS, INNER CLASSES AND THREADS, DEVELOPMENT AND SWING 16

Object class Methods Collections- List, Set, Map, Queue, ArrayList TreeSet, TreeMaps and Backed Collections
Regular and Local Inner Classes - Anonymous Inner class and Nested Classes – Threads Thread
Synchronization -Javac and java commands , JAR ,Import statement Swing Environment – Controls- Layout
Management- Event Handling – Action- Event Handling – Mouse, Keyboard- Menu and Menubars -
Developing sample application using SWING
