

## REPORTS ON “Oral Health Awareness Drive”

**Organized by:** Student Club, J.S. University

**Date:** 12/07/2022

**Participants:** 74 Students

The Student Club of J.S. University organized an Oral Health Awareness Drive in 2022, with the participation of 74 students. The initiative aimed to educate students and the local community on the importance of oral hygiene and best practices for maintaining dental health.

### Activities:

- Awareness sessions were held to explain the importance of regular brushing, flossing, and dental check-ups.
- Demonstrations on proper brushing techniques and oral hygiene practices were conducted.
- Free dental check-ups were provided for attendees, along with distribution of dental care kits.

The drive successfully raised awareness about the significance of oral health, helping students and locals adopt better oral care habits.
