

Event Report : Coding Bootcamp

Date: May 15, 2019

Location: J S University, Computer Science Lab

Event Overview:

A Coding Bootcamp was organized as part of the collaboration with Coding Ninjas. The bootcamp aimed to provide intensive training in coding and programming skills to students.

Highlights:

- **Introduction:** The bootcamp was introduced by Er Ms Sukriti Jain , Head of the Computer Science Department at J S University, who highlighted the goals and structure of the bootcamp.
- **Training Sessions:** Instructors from Coding Ninjas conducted sessions on various programming languages, algorithms, and data structures, including hands-on coding exercises and real-world problem-solving.
- **Project Work:** Students worked on coding projects that simulated real-world scenarios, allowing them to apply their skills in practical situations.
- **Feedback and Discussion:** A feedback session provided students with the opportunity to discuss their learning experiences and receive guidance on further skill development.

Outcome:

The bootcamp equipped students with advanced coding skills and practical experience, enhancing their readiness for careers in software development and technology.

Event Report 3: Coding and Career Development Seminar

Date: May 30, 2025

Location: J S University, Conference Room

Event Overview:

A Coding and Career Development Seminar was conducted to provide students with insights into career opportunities in the tech industry and the skills required for success.

Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Suman Sharma, Dean of Student Affairs at J S University, who welcomed the Coding Ninjas representatives and outlined the seminar's objectives.
- **Expert Presentations:** Professionals from Coding Ninjas delivered presentations on the latest trends in coding and technology, the demand for specific skills, and career opportunities in the tech sector.
- **Panel Discussion:** A panel discussion featured Coding Ninjas experts who shared their career journeys, offered advice on building a successful career in tech, and answered students' questions.
- **Networking Opportunities:** The seminar included networking opportunities, allowing students to connect with industry professionals and explore potential job opportunities.

Outcome:

The seminar provided students with valuable insights into the tech industry, helping them understand career opportunities and develop the skills necessary for success in the field.
