Event Report : Technical Training Workshop

Date: June 25, 2021

Location: J S University, Engineering Lab

Event Overview:

A Technical Training Workshop was organized as part of the collaboration with Eastern Base Workshop GREF. The workshop aimed to provide students and faculty with hands-on experience in engineering and infrastructure technologies.

Highlights:

- **Introduction:** The workshop was introduced by Er. Divyanshu Gupta, Head of the Engineering Department at J S University, who welcomed the Eastern Base Workshop team and outlined the workshop's objectives.
- **Training Sessions:** Experts from Eastern Base Workshop conducted sessions on engineering and infrastructure technologies, including equipment maintenance, construction techniques, and project management. The sessions included practical demonstrations and case studies.
- **Hands-On Activities:** Participants engaged in hands-on activities, including equipment operation, maintenance procedures, and infrastructure project simulations to apply their skills in real-world scenarios.
- **Q&A Session:** A Q&A session allowed attendees to discuss technical challenges and seek advice from experts on engineering and infrastructure technologies.

Outcome:

The workshop provided participants with practical skills and knowledge in engineering and infrastructure technologies, enhancing their technical expertise and readiness for related careers.

Event Report: Infrastructure Development Seminar

Date: July 5, 2022

Location: J S University, Conference Hall

Event Overview:

An Infrastructure Development Seminar was conducted to explore advancements in infrastructure technology and the impact of the collaboration with Eastern Base Workshop GREF.

Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Amit Kumar Chaturvedi, Dean of Research at J S University, who welcomed the Eastern Base Workshop team and outlined the seminar's goals.
- **Expert Presentations:** Speakers from Eastern Base Workshop delivered presentations on advancements in infrastructure development, including new technologies, construction methods, and successful projects. They shared insights into industry trends and best practices.
- **Panel Discussion:** A panel discussion featured experts from both institutions who discussed the future of infrastructure development, challenges in the field, and opportunities for collaborative research and projects.
- **Networking Opportunities:** The seminar included networking opportunities, allowing participants to connect with industry professionals, researchers, and development experts.

Outcome:

The seminar facilitated discussions on infrastructure development advancements, provided insights into industry trends, and explored opportunities for further collaboration between J S University and Eastern Base Workshop GREF.
