

Event Report : Online Learning and Certification Workshop

Date: December 15, 2021

Location: J S University, E-Learning Center

Event Overview:

An Online Learning and Certification Workshop was held to introduce students and faculty to the online courses and certification programs offered through the collaboration with IntelliPaat.

Highlights:

- **Introduction:** The workshop was introduced by Prof. Divyanshu gupta, Director of the E-Learning Center at J S University, who emphasized the importance of online learning in modern education.
- **Course Overview:** Representatives from IntelliPaat provided an overview of the available online courses and certifications, including topics such as data science, artificial intelligence, and cloud computing.
- **Demonstrations:** Live demonstrations showcased the features of IntelliPaat's online learning platform, including course modules, interactive content, and assessment tools.
- **Interactive Q&A:** A Q&A session allowed participants to ask questions about the courses, certifications, and the enrollment process.

Outcome:

The workshop equipped students and faculty with information about the online learning opportunities available through the collaboration, helping them to take advantage of these resources.

Event Report : Industry Trends and Skill Development Seminar

Date: December 30, 2022

Location: J S University, Conference Hall

Event Overview:

A seminar on Industry Trends and Skill Development was organized as part of the collaboration between J S University and IntelliPaat. The seminar aimed to provide insights into current industry trends and the skills needed to stay competitive in the job market.

Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Amit Kumar Chaturvedi, Dean of Industry Relations at J S University, who highlighted the importance of aligning academic programs with industry needs.
- **Expert Presentations:** Industry experts from IntelliPaat delivered presentations on emerging trends in technology, the demand for specific skills, and how online certifications can help bridge skill gaps.
- **Panel Discussion:** A panel discussion featured professionals who shared their experiences and insights on the skills required for success in the technology sector.
- **Networking Opportunities:** The seminar provided students with opportunities to network with industry professionals and explore career opportunities.

Outcome:

The seminar provided valuable insights into industry trends and skill requirements, helping students and faculty understand the importance of continuous learning and skill development.
