

## Event Report : Fire Safety Training Workshop

**Date:** March 20, 2021

**Location:** J S University, Fire Safety Lab

### Event Overview:

A Fire Safety Training Workshop was organized as part of the collaboration with Parmanand Institute of Fire Engineering. The workshop aimed to provide students and faculty with practical skills and knowledge in fire safety and emergency response.

### Highlights:

- **Introduction:** The workshop was introduced by Dr Gaurav Yadav, Director general at J S University, who welcomed the Parmanand Institute team and outlined the workshop's objectives.
- **Training Sessions:** Experts from Parmanand Institute of Fire Engineering conducted sessions on fire safety protocols, emergency response procedures, and the use of fire safety equipment. The sessions included practical demonstrations and interactive discussions.
- **Hands-On Activities:** Participants engaged in hands-on activities, including fire drills, equipment usage training, and simulation exercises to practice emergency response skills.
- **Q&A Session:** A Q&A session allowed attendees to discuss fire safety challenges and seek advice from experts on improving safety practices and emergency preparedness.

### Outcome:

The workshop provided participants with practical knowledge and skills in fire safety and emergency response, enhancing their ability to handle fire-related emergencies and contribute to a safer environment.

## Event Report : Fire Engineering Research Seminar

**Date:** March 30, 2023

**Location:** J S University, Conference Hall

### Event Overview:

A Fire Engineering Research Seminar was conducted to explore advancements in fire engineering and safety through the collaboration between J S University and Parmanand Institute of Fire Engineering.

### Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Amit Kumar Chaturvedi, Dean of Research at J S University, who welcomed the Parmanand Institute team and outlined the seminar's goals.
- **Expert Presentations:** Speakers from Parmanand Institute of Fire Engineering delivered presentations on recent advancements in fire engineering research, innovative safety technologies, and successful case studies. They shared insights into the impact of these advancements on fire safety practices.
- **Panel Discussion:** A panel discussion featured experts from both institutions who discussed the future of fire engineering research, strategies for fostering innovation, and the role of industry-academia collaborations in advancing fire safety.
- **Networking Opportunities:** The seminar included networking opportunities, allowing participants to connect with researchers, industry professionals, and academic leaders.

### Outcome:

The seminar facilitated discussions on fire engineering research and provided a platform for exploring new trends and technologies in fire safety, fostering innovation and collaboration between J S University and Parmanand Institute of Fire Engineering.
