

Event Report : Joint Research Symposium

Date: November 20, 2024

Location: J S University, Research Center

Event Overview:

A Joint Research Symposium was organized to showcase the research outcomes of collaborative projects between J S University and Haldiya Institute of Technology. The symposium aimed to highlight advancements and foster further research collaborations.

Highlights:

- **Opening Remarks:** The symposium was inaugurated by Dr. Amit Chaturvedi, Dean of Research at J S University, who highlighted the importance of collaborative research.
- **Research Presentations:** Researchers from both institutions presented their findings on various topics, including emerging technologies and innovative solutions.
- **Panel Discussion:** A panel discussion featured experts discussing the future directions of collaborative research and potential impact on industry and society.
- **Poster Session:** A poster session allowed attendees to explore detailed research projects and engage with researchers.

Outcome:

The symposium provided a platform for sharing research and ideas, strengthening collaborative efforts, and exploring new avenues for joint research.

Event Report : Technology Innovation Workshop

Date: November 30, 2024

Location: J S University, Innovation Lab

Event Overview:

A Technology Innovation Workshop was conducted as part of the collaboration between J S University and Haldiya Institute of Technology. The workshop focused on fostering innovation and hands-on learning in technology development.

Highlights:

- **Introduction:** The workshop was introduced by Dr Om Shiv Chaturvedi, Head of the Innovation Lab at J S University, who emphasized the role of innovation in technology education.
- **Workshop Sessions:** Experts from Haldiya Institute led sessions on topics such as technology trends, prototype development, and innovation strategies.
- **Hands-On Activities:** Participants engaged in hands-on activities, working on projects and prototypes under the guidance of industry experts.
- **Feedback and Discussion:** A feedback session provided participants with the opportunity to discuss their projects and receive advice from experts.

Outcome:

The workshop equipped participants with practical skills and insights into technology innovation, encouraging creative thinking and problem-solving in technology development.
