

Event Report : Automotive Engineering Workshop

Date: February 15, 2021

Location: J S University, Engineering Lab

Event Overview:

A workshop on Automotive Engineering was organized as part of the collaboration with Krishna Maruti. The workshop aimed to provide students with hands-on experience and knowledge in automotive technology and manufacturing.

Highlights:

- **Introduction:** The workshop was introduced by Mr. Divyanshu Gupta, Head of the Engineering Department at J S University, who highlighted the workshop's objectives and importance.
- **Training Sessions:** Experts from Krishna Maruti conducted sessions on various topics, including automotive design, manufacturing processes, and advanced technologies such as electric vehicles and autonomous systems.
- **Hands-On Activities:** Students participated in practical activities, including simulations and lab exercises, to apply their theoretical knowledge in real-world scenarios.
- **Feedback and Discussion:** A feedback session allowed students to discuss their experiences and seek guidance from the experts on specific challenges and career opportunities in automotive engineering.

Outcome:

The workshop provided students with practical skills and knowledge in automotive engineering, enhancing their understanding of industry practices and preparing them for future careers in the field.

Event Report : Industry Insights and Career Development Seminar

Date: February 28, 2022

Location: J S University, Conference Room

Event Overview:

An Industry Insights and Career Development Seminar was held to provide students with valuable information about career opportunities in the automotive industry and insights into industry trends.

Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Amit Kumar Chaturvedi, Dean of Industry Relations at J S University, who welcomed the Krishna Maruti representatives and outlined the seminar's objectives.
- **Expert Presentations:** Industry experts from Krishna Maruti delivered presentations on the current trends in automotive technology, career opportunities in the industry, and the skills required for success.
- **Panel Discussion:** A panel discussion featured professionals from Krishna Maruti who shared their career experiences and provided advice on how students can build successful careers in the automotive sector.
- **Networking Opportunities:** The seminar provided students with opportunities to network with industry professionals, explore potential job opportunities, and gain insights into the automotive industry.

Outcome:

The seminar offered valuable career insights and guidance, helping students understand the automotive industry's demands and prepare for future employment opportunities.
