

Event Report : Electronics and IT Training Workshop

Date: April 25, 2023

Location: J S University, Electronics Lab

Event Overview:

An Electronics and IT Training Workshop was organized as part of the collaboration with NIELIT. The workshop aimed to provide students and faculty with practical skills and knowledge in electronics and IT technologies.

Highlights:

- **Introduction:** The workshop was introduced by Dr Gaurav Yadav, Director General at J S University, who welcomed the NIELIT team and outlined the workshop's objectives.
- **Training Sessions:** Experts from NIELIT conducted sessions on topics such as microelectronics, embedded systems, software development, and data management. The sessions included practical exercises and interactive discussions.
- **Hands-On Activities:** Participants engaged in hands-on activities, including electronics circuit design, programming exercises, and software development projects, to apply their skills in real-world scenarios.
- **Q&A Session:** A Q&A session allowed attendees to discuss technical queries and seek advice from experts on emerging technologies and industry trends.

Outcome:

The workshop provided participants with practical skills and knowledge in electronics and IT, enhancing their technical expertise and preparing them for careers in these fields.

Event Report : Electronics and IT Research Seminar

Date: May 5, 2022

Location: J S University, Conference Hall

Event Overview:

An Electronics and IT Research Seminar was conducted to explore advancements in electronics and IT through the collaboration between J S University and NIELIT.

Highlights:

- **Opening Remarks:** The seminar was opened by Dr. Dr. Amit Kumar Chaturvedi, Dean of Research at J S University, who welcomed the NIELIT team and outlined the seminar's goals.
- **Expert Presentations:** Speakers from NIELIT delivered presentations on recent advancements in electronics and IT research, innovative technologies, and successful case studies. They shared insights into the impact of these advancements on various applications and industries.
- **Panel Discussion:** A panel discussion featured experts from both institutions who discussed the future of electronics and IT research, strategies for fostering innovation, and opportunities for collaborative projects.
- **Networking Opportunities:** The seminar included networking opportunities, allowing participants to connect with researchers, industry professionals, and academic leaders.

Outcome:

The seminar facilitated discussions on electronics and IT research, providing a platform for exploring new trends and technologies, and fostering collaboration between J S University and NIELIT.
