Exclusive opportunity to participate in Workforce Dev Programs:

- **Women Rock IT** – Women Rock IT's mission is to inspire more girls to study tech to ensure they don't miss out on tomorrow's best jobs. CISCO NetAcad digital magazine helps Networking Academies, High School Teachers and Cisco employees produce Women Rock-IT events at the local level.
- **Find Yourself in the Future** - At the Find Yourself in the Future Virtual Career Fairs, you can meet and chat with recruiters from companies across the Asia Pacific region – no matter where you are currently located yourself. Partners who have participated in past and will participate in future career fairs include Cisco, Cisco Meraki, NetApp, Dimension Data, Telstra International, Optus, SingTel, Equinox, Accenture, National Instruments, Maybank and SMART.

- **Learnathon** – Through this student can build their skills online and showcase their talent at national level.
- **Skillathon** – Prepare students for a successful and lucrative career in technology through cisco programs. Academies can be part of the change and help fill the global skills shortage to build the technology workforce of tomorrow. Upskilling students is easy, low in cost and only takes two weeks through the Skillathon campaign.
- **Talent Bridge Program** - Are you job-ready? That is a big question for students. And one that we can help you answer. Cisco’s Networking Academy Talent Bridge meets you—our Networking Academy students—on your journey, whether you are just starting your studies or ready to join the tech workforce. As part of your journey, we invite you to participate in our employment program aimed at helping you connect directly with Cisco and our ecosystem of partners who are looking to hire qualified individuals to join their tech workforce. We offer a variety of resources, something for every step of your path to becoming gainfully employed. You are on a path to becoming a tech professional with skills that are highly sought after by companies worldwide. Our employment program is designed to sync you with companies who want techies with your skills; including Cisco as well as our partners and distributors.
