1 Preface and the Purpose

The process of assessing an academic institution's efficacy and efficiency is known as academic and administrative audit (AAA). The purpose of AAA is to examine and assess the administrative and academic procedures of the institution. It gives the institute the chance to raise the level of the organisation as a whole.

Academic audit shall promote organisational and academic rigour. It will serve as a vehicle for academic programme goal-setting, monitoring, and evaluation as well as for the administrative operation of the institutions.
