# UNIVERSITY ORIENTATION AND REFRESHER PROGRAM 2021-22

## ABSTRACT

University Orientation and Refresher Program aims to ensure the awareness of Common Institutional Policies and Procedures among all its students, teachers, and staff.

*J.S. University*

## **OVERVIEW**

JS University Orientation and Refresher Program (JSUORP) aims to ensure the awareness of Common Institutional Policies and Procedures among all its students, teachers, and staff.

For the new students, this program is important to learn about the policies and procedures of the university, meet with mentors, and get acclimated to the campus. It allows students to connect with other students and faculty members, learn about available resources on campus, and receive support as they begin their journey of higher education. Attending orientation is crucial for new students for a hassle-free life in the university.

For continuing students, this program is important to refresh the awareness about the policies and procedures of the university, understand the changes in policies and procedures, and understand their responsibilities towards new students, and also towards the university.

For staff members, this program is meant to interact with new and continuing students, communicating their plans, knowledge, and expectations from the students. At the same time, this program is important for them to understand the new or modified policies and procedures to support students in the campus.
