#### Where knowledge is created and shared

Built on the principles of equity, excellence and engagement, the J.S. University has a reputation as a world-class institution making an impact within its own region, throughout the country. Our research is world-class and diverse. Our degree programs are internationally recognized and our partnerships and collaborations drive innovation. Our alumni are leaders and our students are preparing to make a difference in the world.

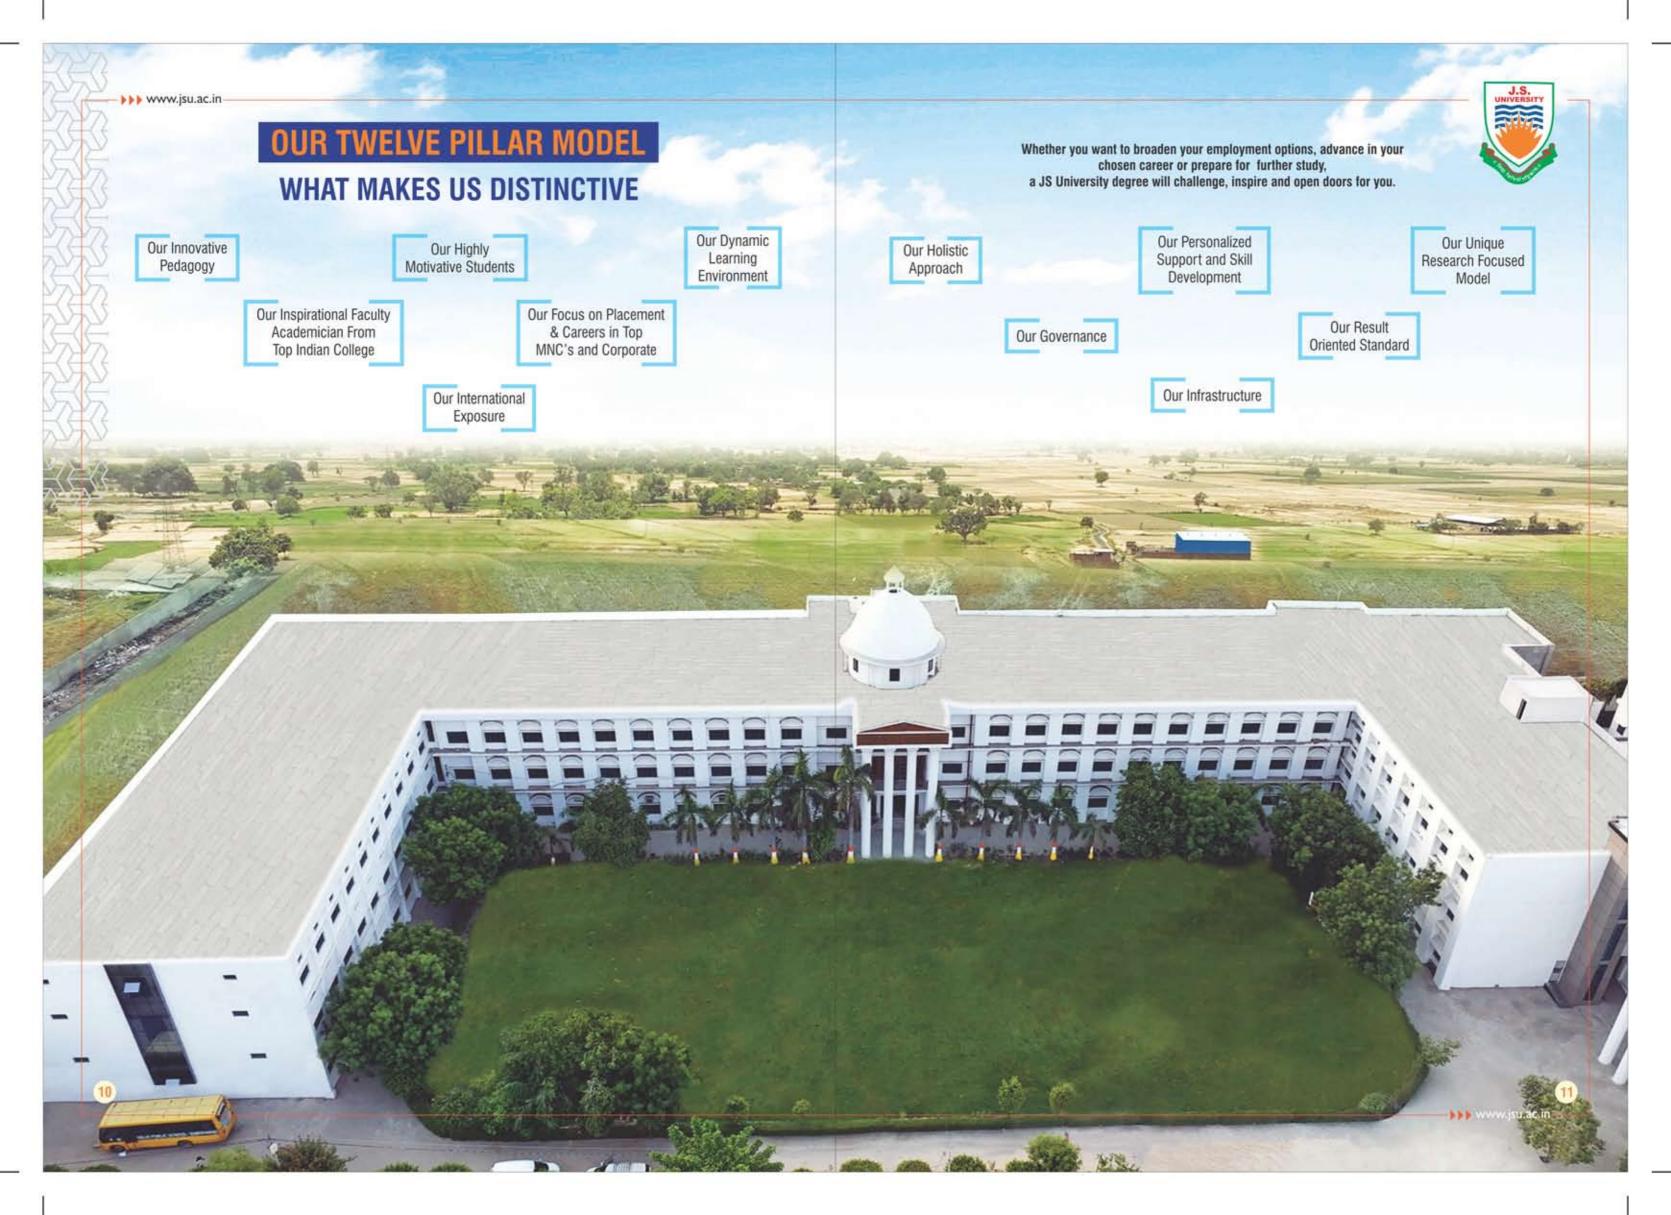

#### Meeting the education challenge

Our University has long been known as a champion of innovative approaches to education. We strive for a dynamic teaching culture that delivers world-class educational outcomes. As competition for the best and brightest students increases, our long history of offering innovative, problem-based learning across our programs means we are poised to meet the education challenge.

#### Ready for Life and Work

The urban communities in which we live and work are going through deep and transformative change. We exists to create transformative experiences for our students, getting them ready for life and work, and to help shape the world with research, innovation, teaching and engagement. J. S. University has a unique approach to meeting the challenge of being ready for life and work: we offer an education deeply grounded in ideas and cross-disciplinary understanding, applied through innovative, enterprising practice to solving problems and meeting the needs of our community. Our goal is to offer life-changing experiences, and to shape the wed with the talent, knowledge and learning capability that we share. J. S. University is an amazing institution. We all have a role to play in renewing it. Join us.

#### CHANCELLOR'S WORDS OF WISDOM

Since its establishment, based on the founding ideals of "freedom and innovation", the education as JS University has allowed students to acquire various skills and values that are synonymous with a private-school environment. Over the years, such efforts have cultivated and sent a wealth of human resources out onto the world. However, in the coming years, we must also focus on education that develops creative individual that modern society needs. With this in mind, we must not only encourage a high-level of classroom learning, but also actively involve students in cutting-edge research activities conducted by our laboratories, encourages students to expose themselves to new challenges, and produce individuals capable of facing and resolving the tough challenges in the real world. In order to successfully produce such individual, it is necessary to provide world-class, cutting-edge research centers at JS an further improve our current research standards so they match the highest of international levels. I believe that the individuals produced from these research centers will overcome the powerful tide of globalization, gain the potential to surmount overseas competition, and take on the future burdens of the world. It is my sincere hope that research achievements obtained at JS University will contribute to the realization of a society where humans and nature can co-exist peacefully, as per the requirements of the 21st century.

#### PRO-CHANCELLOR MESSAGE

The University has successfully established active learning environment which equips its students with in depth knowledge and skills, critical and creative ways of thinking. We strongly believe in providing our students with motivation, encouraging participation and making students feel responsible in their learning process. At JS University, our teaching philosophy is open and broad in dealing with different views and opinions. Our teacher are fully aware that every student in unique and has his own learning attitude. We are committed to shape the young mind whose roots are deeply seated in high moral values and who are capable to face all the modern day challenges in a positive, logical and systematic manner, Then only, our future generations will be equipped with the Goldy Wisdom and the destiny of our society and beloved nation will be in safe strong hands.

Dr. P.S. Yadav Pro-Chancellor

Dr. HIMANSHU YADAV Member of Governing Body

## MESSAGE FROM MEMBER OF GOVERNING BODY

JS University is a name synonymous with unparalleled success. We at JSU believe to the philosophy of 'modernity blends with tradition, while fostering talent'. We are committed towards this philosophy and thus constantly compliments classroom learning with extracurricular activities. We are committed to incorporate path breaking ideas, cutting edge technologies and latest research trends into academics and scholastic work for the benefit of students, research scholars, faculty members and other associated academicians across the globe.

A series of multiple Guest Lectures, Seminars, Conferences, FDPs, Hands On training programs and Workshops are conducted regulary to keep the knowledge and intellectual base updated. In this effort to achieve excellence in research and innovation, I feel humble and delighted to share that AH University has taken an initiative to set up dedicated infrastructure required for providing unparalleled teaching learning experience to our students.

#### MESSAGE FROM MEMBER OF GOVERNING BODY

The Governing Body at JSU play an important role and have considerable responsibility in setting the strategic direction of the University along with the Head Teacher and senior leadership team. Governing Body oversee the development of the University, the main aim of which is always to provide a high standard of education for all pupils of all abilities. In essence as the accountable body for the University, the governing body has three main roles:

Provide a strategic view of where the University is heading. This is done by reviewing and agreeing policies, targets and priorities and monitoring and reviewing aims and objectives.

Act as a critical friend to the University. The governing body works with the head teacher to create a clear understanding of the challenges faced in managing the University. The governing body should feel able to question and challenge and this is achieved through trust and mutual respect.

Dr. SHUBHAM YADAV Member of Governing Body

PROF. B.P AGARWAL Vice-Chancellor

# MESSAGE FROM VICE-CHANCELLOR

Education is truly valuable only when it leads to flowering of the true personality of young minds and helps to bring out the best in them towards a larger causes of nation building. A young mind with self-confidence, pride in his/her own rich heritage and a frame of mind and skills to address the contemporary issues faced in the society is the building block of a progressive society.

There are no short-cuts excellence-is is the collective effort of the faculty, management and students that will get us closer to achieving our dream. I look forward to working with all our stakeholder and well-wishers in this challenging journey toward our goal. It is our collective responsibility to realise the maxim that Shri Krishna laid out in Bhagavad Gita: nahi jnanesa sadrsam pavitramiha vidyate-there is nothing more pristine that knowledge.

It is my pleasure to welcome every students and the parent sharing this vision into the portals of the University. I am confident that you will feel proud on being associated with us and make us equally proud with your academic excellence.

# MESSAGE FROM VICE-CHAIRPERSON

The dynamics of higher education across the globe are changing rapidly and are increasingly becoming a collaboration of academic disciplines with practical experience. Interactive learning, bridging disciplines and facilitating learners to gain different competencies through judicious management of time is viewed as one on the greatest and fascinating priorities and in the world. With near 140 million people in the college-going age group, one in every four graduates in the world will be a product of the Indian higher education system. In such a predicted scenario, quality-assured higher education and knowledge-based economy are a crucial part of the foundation pillars for the progress of our country.

Subsequent to the knowledge sector's boom, an enabling academic sector is the core vision for the progress of the nation. As an esteemed institution contributing to this vision, JS University believes in establishing a well planned system of knowledge gathering and sharing. Using dynamic methods for day to day teaching and constantly adapting to the ever evolving learning patterns of today's students is what make this journey exciting and promising.

DR. GEETA YADAV Vice-Chairperson

16

# MESSAGE FROM MANAGING TRUSTEE

Professional education is a dynamic and emerging field. It has been my long cherished dream and earnest desire to contribute to the nation's development and bring about social transformation through education. Our University have a reputation for pioneering in pursuit of academic excellence and achieved laurels worth of creators and it is continuously striving for higher ground. Due to imparting quality education and homely atmosphere, we have emerged as the preferred choice for aspiring students. It is noteworthy that we have established strong bondage in industry and our students are working in top ranked organizations and withdrawing very handsome packages. We are committed to upgrade and sustain the academic delivery system and University's infrastructure in tune with future requirements.

MR. ASHOK KUMAR MANAGING TRUSTEE Department Of Revenue

DR. GAURAV YADAV Director General

# MESSAGE FROM DIRECTOR GENERAL

With another year of successful advancement toward the achievement of excellence in education, JS University has added accolades to its credits. Aligning with the requirements of the global market, where the right set of knowledge, skills and attitudes is the key to meet the requirements of the globalided economy and the opportunities across the globe, JS University has nurtured its students not only for the corporate opportunities but also sensitized them to the important issues of global research.

# MESSAGE FROM REGISTRAR

Our University you will find dynamic and friendly atmosphere among students and staff. Our aim is development of life skills which make individual deference's confident and independent we help the student to achieve their desired dreams and their interests and aptitude. We are trying our level best to build the University as centre of excellence in real sense. Earnestly invite construction suggesting and active co-operatoons from all corners to make our mission a success.

The faculty of Engineering is inherited with a rich experience in engineering education for about five decades. Over the years, as a favorite destination for the students of this region. It has huge infrastructure, fully developed Labs, a library with wide range of collections and a large fleet of highly experienced faculty.

Our students come from different walks of life and bring with them high ambitions and dreams to make a difference in the society. We cultivate in them cultural confidence, professional competence, and versatility to become productive citizens of the country. We inspire their creative minds and help them to have an international perspective, be it in education, character building or even in sports & cultural activities. It is our endeavor to constantly evolve curriculum support, so our students stay abreast with the latest updates in this technologically developed world.

JSU Engineering programs endeavor to be at the forefront of innovation. They also foster multi-disciplinary collaborations aimed at solving the most pressing global problems.

CNC LATHE MACHINE

of engineering principles, techniques and systems. We believe that engineers should not only possess deep technical excellence, but also nurture creativity, cultural awareness and entrepreneurial skills that come from exposure to science, business, medicine and other disciplines—all integral part of the JSU experience.

Our goal is to deliver world class, solutions driven programs that inspire curiosity and generate new knowledge and discoveries. Ou collaboration with over 10 of the world's best universities and 250 corporates, strengthens our academic and research programs.

#### **FACULTY OF LAW**

# J.S. UNIVERSITY

#### **COURSES OFFERES**

- · LL.B.
- · LL.M.
- · BA LL.B.

Welcome to the Faculty of Law, where legal excellence meets innovation. Our faculty stands as a beacon of legal education, renowned for its distinguished professors, cutting-edge research, and commitment to shaping future legal leaders. With a history steeped in scholarship and a forward-looking approach to legal practice, we offer a dynamic curriculum that prepares students not just for the challenges of today, but for the complexities of tomorrow's legal world. Through a blend of theoretical learning and practical experiences, our programs empower students to engage meaningfully with legal issues, fostering critical thinking and problem-solving skills. We take pride in our inclusive community, where diverse perspectives converge to create a rich learning environment, we provide the resources needed for students to thrive and succeed. Join us at the Faculty of Law, where we are dedicated to nurturing the next generation of legal professionals and making a lasting impact on the field of law.

Law being a normative science learns more towards social science and hence it eludes scientific precision and objectivity. In this scenario competency in teaching is inevitable.

At present the main objective of the legal study is not only to enter the Bench and Bar. The option of career has been increased but quality of education is inevitable for them. So we are providing quality and career oriented education to young minds.

I welcome the budding lawyers to this great portal of excellence. Your enthusiasm and discipline would add much colour, vibrancy and skills in the department and the University as a whole.

The Faculty of Law in turn would dig deep into the souls of the budding law students, informing, shaping and moulding them into great legal professionals.

# INSTITUTE OF NURSING AND PARAMEDICAL SCIENCES

# B.Sc. Nursing

Nursing is an integral part of the health care system. It encompasses the promotion of health, prevention of illness, and care of physically ill, mentally ill, and disabled people of all ages, in all health care and other community settings. With the vision of forwarding compassionate holistic patient care.

JS University of Nursing has been renamed as the Faculty of Nursing & Paramedical Science. JS University offers B.Sc. Nursing, programs. The faculty is dedicated to providing comprehensive training and fostering the all-round development of nursing students, preparing them for the challenges of the demanding healthcare industry and allied services. The curriculum includes classroom teaching, internships, hospital visits, projects, seminars, and dissertations. Beyond academics, the faculty provides various opportunities to hone individual talents for all-inclusive training.

The nurses are trained in not just basic medical specialties but also Intensive and critical super specialties such as Intensive Care Units, Cardiology, Gastroenterology, Oncology, Nephrology and Neurology. The training is imparted through our health centers in Rural and Urban settings, managed and owned by the group, along with several camps and community programmes to prepare the professionals who can intently serve the community in various settings.

Paramedical of JS University is highly acclaimed and coveted for its state-of-the-art teaching methodology and intellectual discipline. The faculty has well-qualified and well-seasoned academicians committed to shape student's future through sublime education that is the blend of practical and theoretical pedagogy provides solid academic base that supports an advanced career in the sphere of healthcare.

# FACULTY OF MANAGEMENT

• B.B.A. • M.B.A.

The Faculty of Management at JS University offers a wide range of programs designed to prepare students for successful careers in business, management, and related fields. These programs are designed to provide students with practical skills and knowledge that they can apply in real-world settings, as well as opportunities to network with industry professionals and gain exposure to the latest trends and best practices in their field.

At the undergraduate level & Post Graduate Level. These programs provide students with a strong foundation in business and management concepts, including accounting, finance, marketing, human resources, operations management, and more. Students in these programs also have the opportunity to specialize in areas such as entrepreneurship, international business, or sustainable business practices.

For students who wish to further their education, the faculty offers a variety of graduate-level programs. These include Master of Business Administration (MBA), Master of Commerce, and Master of Management Studies programs. These programs build on the foundational knowledge gained in undergraduate programs and provide students with advanced skills and knowledge in their chosen area of specialization. The MBA program is particularly popular, offering a highly flexible and customizable curriculum that allows students to tailor their education to their specific interests and career goals.

#### **FACULTY OF COMMERCE**

# • B.Com •M.Com

Faculty of Commerce typically focuses on areas related to business, economics, and management. It often offers programs in fields like:

- Business Administration: Covering topics like management, organizational behavior, and strategic planning.
- Accounting: Including financial accounting, managerial accounting, and auditing.
- Finance: Encompassing financial management, investment, and financial markets.
- Economics: Analyzing economic theories, policies, and their impact on businesses and societies.
- Marketing: Studying consumer behavior, market research, and brand management.
   Human Resource Management: Focusing on recruitment, employee development, and labor relations.

Students in a Faculty of Commerce might engage in practical experiences through internships, case studies, and business simulations, preparing them for careers in various sectors such as finance, consulting, entrepreneurship, and more. If you have specific questions about programs or opportunities within a Faculty of Commerce, let me know!

#### **FACULTY OF AGRICULTURE**

#### **COURSES OFFERES**

- B.Sc. in Agriculture
- M.Sc. in Agriculture

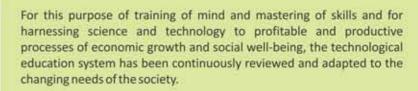

Faculty of Agriculture and Allied Sciences is another applied discipline of higher education that aims to focus on all those areas of Agriculture and Natural Resources that need informative, formative, persuasive and holistic roles of humans blended with scientific and technological research.

Courses offered under this faculty have been proved to be the largest decision-oriented and problem-solving courses that involve technological intervention and its practice with Science and Human Capital addressing the desired changes and developments in the environment, health, agriculture, home economics, small industries and energy. Faculty of Agriculture and Allied Sciences at JS University encourages proactive approach towards extension of rural development activities.

The last half of the twentieth century has transformed our environment, perhaps radically, and brought more changes in our lives and thinking than any corresponding period in history. Frontiers of knowledge are expanding rapidly, making it possible to devise newer and more efficient methods of solving problems of the society.

The faculty is committed to academic excellence and maintaining interdisciplinary approaches in its undergraduate and postgraduate teaching and research programmes. Academic programmes emphasize basic knowledge as well as its applications, pushing current frontiers of technologies, developing efficient and versatile algorithms and methodologies. Proper synthesis of technology, planning and management in engineering systems is stressed keeping in view varied the impact on the environmental, social and economic conditions.

As we looking for sustainable future of agriculture one thing is certain – knowledge will be a key resource and will be highly sought-after within India and around the world.

#### **FACULTY OF EDUCATION**

#### **COURSES OFFERES**

- · B.P.Ed.
- · B.A. B.Ed
- · B.Sc. B.Ed

The Faculty of Education/Teacher Training, through runs different programmes to prepare professional teachers and teacher educators. The Faculty offers Diploma, Graduate & Post Graduate Programs.

The rigorous involvement of both students and teachers provide a strong knowledge base to research in areas like teacher educations, school education, higher education, educational administration and management etc.

Apart from the above, the faculty through the faculty has been providing training programme to in-service teachers at different levels.

Thus, the Faculty of Education, through its two sister departments, tend to strike a balance between the two major components of education e.g. research and training and has been functioning as a comprehensive institution of teacher education.

# FACULTY OF INFORMATION TECHNOLOGY

# • B.C.A. • M.C.A.

"industry-ready" curriculum but also end up saving a year.

Students enrolling in this program can pursue Bachelor's as well as Master of Computer Application without taking a break. Through this program students will not only get a world class,

With the fast growing demand for computer skills and applications, the popularity of computers in education has also increased rapidly over the past few years. Students are more attracted to take up computers as their specialized field of study or pursue their educational careers in Computer Applications. Some years down the line India will need more "techies" to meet the global demand of ever increasing IT revolution.

This programme aims to meet the growing demand for qualified professionals in the field of Information Technology. This programme is inclined more towards Application Development and thus has more emphasis on the latest programming languages and tools to develop better and faster applications. It also a focuses on providing a sound theoretical background as well as good practical exposure to students in the relevant areas.

BCA+MCA full form is Bachelor of Computer Application and Master of Computer Application. It is a five-year integrated or dual degree program offered to undergraduate students. The course was specifically designed for students who wish to study advanced computer applications but prefer a short duration of the course. It combines the BCA and MCA degrees which are both progressive level programs. In this course, students are educated about topics like hardware systems, application software, computer languages, and IT management.

BCA full form is Bachelor of Computer Applications. It is a bachelor's degree program. MCA full form is Master of Computer Applications.

The All-India Council of Technical Education (AICTE) has established criteria and qualifications for the BCA+MCA program. Typically, these are three-year programs with six semesters. They are made to fill the gap between computer science research and practical computer use. The BCA and MCA program prepares students to address the challenges and opportunities in the Indian IT sector. They help students lay a solid foundation in the field and shape them to become computer professionals with the correct moral and ethical principles.

# J.S. UNIVERSITY

# FACULTY OF SCIENCE

#### **COURSES OFFERES**

- B. Sc. Physics, Chemistry, Mathematics, Biology, Computer Science
- M. SC. Zoology, Botany, Chemistry, Physics, Mathematics, Computer Science

The Faculty of Sciences at JS University is a place where great conversations become innovative concepts, where you'll collaborate with fellow students and faculty who are as passionate about your field as you are.

We are a community of scholars devoted to cutting-edge scholarship and research that will expand your thinking and build a strong foundation to pursue a career in the arts, humanities and social sciences.

With the participation of all in this Faculty, including the ones who teach, research, study, and work, and supported by a culture of excellence we are reachable to find creative solutions that attracts those who look out for us and are passionate about learning and sharing.

The postgraduate students are encouraged to participate in research activities for which we have collaboration with specific industries and research organizations. The Faculty of Science is unique from other institutions of higher learning as it is committed to imparting knowledge in pure sciences, which not only forms the foundation for further academic pursuits in science and technology but also acts as the foundation for students to pursue a career in research and higher-level teaching.

The academic programme is designed to meet the requirement of the latest technological developments and envisages to become a state-of-the-art department providing high-quality education and cutting-edge interdisciplinary research in science. as recommended by the UGC to ease the access of students to the curriculum that fits to their own interest, well-equipped laboratories to support practical experiments in respective branches of science. The Faculty is continuously associated with academic/sponsored research and industrial consultancy work.

# FACULTY OF ART AND SOCIAL STUDIES

#### **COURSES OFFERES**

• B.A.

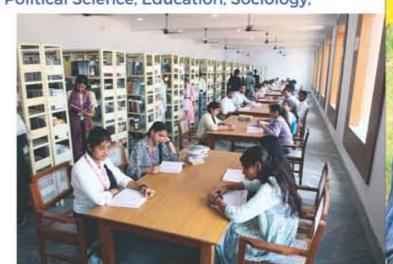

M.A. Hindi, English, Sanskrit, History, Political Science, Education, Sociology,

Economics, Home Science Geography, Phychology.

Faculty of Arts means division at university in teaching generally liberal arts. Earlier it was not having good scope but now the scope has increased a lot. Students can study in History, political science, sociology, Geography, English, Hindi, Economics and more. Students can study about so many important things, they can know how people used to live in the past, how the government works, and more. There are no limitations of the faculty of arts, teachers can teach about their favorite subject. Students can study various subjects which will help them to get good job opportunities. It helps a student to become a better person, and also helps in developing crucial skills. Students can become anything they want from a history teacher to a great leader of the country. They need to study with a lot of interest to achieve their goals. Every individual wants to become successful so arts is the perfect choice to become successful. Students can work on some of the top posts of the world where they can earn a lot and work respectfully.

The Faculty of Arts takes a personal approach to teaching. In both Bachelor's and Master's degree programmes, large-scale lectures are rare. Students are often taught in small groups, where they discuss the course material. Our lecturers and tutors are demanding. Thus, a lot of the study success relies on the student's commitment, individual strive, and activity in the classroom. We maintain our top position by having an excellent academic community, continuously listening to our student's feedback, and adapting to global changes.

Students from the Faculty of Arts can look forward to a bright professional future. Due to the comprehensive nature of our degree programmes, students are employable in a wide range of professions. Many of our students work as teachers, public relations officers or communication consultants. The employers are diverse, including schools, universities, and governmental institutions and companies.

SHIVANI LOCKS

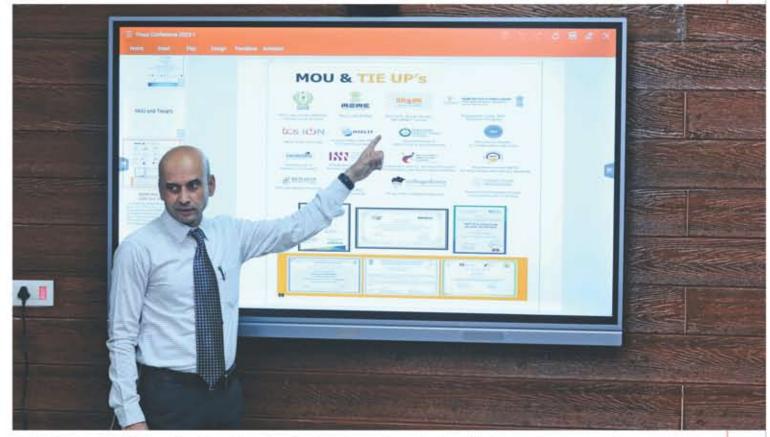

### TRAINING & PLACEMENT CELL

A placement cell in any university, college or an institute plays an integral role of bringing employee and employer on a common

The most significant resource of any civilized society is its trained and skilled manpower. In the contemporary competitive world, education is not just a mode of transmitting knowledge but equipping the students with the contemporary professional skills and ability to take up the global challenges for contributing the society to a greater extent as well as fulfilling their career aspirations. The University Central Placement Cell was constituted since its inception, the Cell is helping the students to identify the organizations for training and placement. The members of placement and training cell will be devoting their time and energy in shaping the future of the students through innovative ways and means. Further, Campus Interviews are organized to provide opportunity to the students to showcase their talent and to facilitate them to be placed in various organizations across India and Abroad. The Placement Cell is dedicated to support the students in their pursuit to get jobs in the esteemed organizations. In addition to this specialized lecture, workshops and job fairs are organized to provide students different platforms to attain their respective heights.

#### **RAGGING FREE CAMPUS**

Ragging is any form is Strictly Prohibited.

Anti Ragging measures are taken as per guidelines of various authorities such as-

- a) With the direction of Hon'ble Supreme Court of India, dated 08-05-2009 in Civil Appeal No. 887 of 2009)
- b) Guidelines of University Grants Commission vide www.ugc.ac.in
- c) Decisions taken from time to time by District level And Ragging Committee constituted under the Chairmanship of Deputy Commissioner & Head of departments.

As per the orders/ Instructions/guidelines issued by the above-mentioned authorities, the following steps are taken in the University:

- 1. An Anti Ragging Committee has been Constituted at the University level
- Anti Ragging Squad has been constituted to ensure proper compliance of various instructions relating to prevention of ragging in the University.
- A monitoring cell has been established to co-ordinate the activities relating to prevention of ragging by the students in the University Campus/Hostels
- Orientation programs and counseling sessions are held regularly to create a proper environment for preventing any act of ragging
- 5. Each student is required to fill his/her affidavits ONLINE. Every student must submit an Anti Ragging Form at the time of admission in the University. This process must be repeated by every student every year. (Not only the new coming First Year student). There is no need for Notary or Stamp Paper. For this, all students and parents will fill up the anti-ragging forms which are available on JS University website by following the below mentioned steps:
  - 1. Visit the website www.jsu.edu.in
  - 2. Click on the link Anti Ragging
  - 3. Fill the online form
  - 4. The hard copy of the form's duty filled in by students/ parents is to be submitted in the Admin Office of the concerned University School.

#### Instructions against Ragging

84

We take pride in informing all those desirous of seeking admission, that all over all these years. Our university has the best traditions of maintaining a healthy and congenial academic environment. We are also glad to convey that with the recommend and sincere efforts of our senior student and faculty, our campus has been free from the menace of Ragging.

Following types of abuses and activities will be termed as ragging:

Physical abuse for example: -forcing to eat, drink or smoke, forcing to dress or undress.

#### **ADMISSION PROCEDURE**

J.S University places special emphasis on quality education. Applicants are considered on the basis of their qualification regardless of race, color, gender, religion, disabilities, age or national origin. The most qualified candidates will be selected to fill the available places

The medium of instruction is English and Hindi both and a good command of the language, both oral and written, is essential for students to be successful at JSU.

For admission consideration percentage of marks or grades at qualifying examination and university grade point averages (if applicable) must meet the minimum established standards as set by the university. Furthermore, applicants with previous university/college experiences applying to JSU as firt-year students will only be considered if they were in good academic standing in their previous university/college, meet the JSU admission requirements and if seats are available.

All admitted students are required to pay. Deposit as registration fee and This registration fee is non-refundable and non-transferable to others under any circumstances and must be paid before the established deadline.

The offer of admission, regardless of type, is valid only for the semester for which as student applies. If an applicant is granted admission for a certain semester and for some reason fails to register for that semester, the applicant may request, in writing, deferring admission for the following semester only. Admission consideration for the following semester will depend on available laces and the estblished admission criteria.

The university requires regular attendance at all classes, lectures, laboratory sessions and seminars.

#### Minimum Admission Requirements

JSU's minimum admission requirements depend on the applicant's type of secondary education program and certificate. In all cases, for non-vocational certificates, only subject classified as academic are accepted for admission consideration and the calculation of averages. Admission to the university is competitive and the actual required minimum average for admission consideration and to guarantee a seat will depend on:

- · Seconday education certificate or school average
- · Pass marks in eligibility test (as applicable)
- Number of available seats

However, the minimum required average for accepting an application for admission consideration is the equivalent of 40 percent or more in the final year (depending on the education system) of secondary education, Higher averages may be applicable for certain courses. Other program-specific requirements or restrictions may also apply.

#### Recognized secondary School Certificates

Secondary school certificates are awarded either by Govt. recognized education board or by private schools and institutions JSU recognizes certificates awarded by ministries of education. However, some countries award two levels of secondary school certificates. In this case, the university recognizes the higher certificate. The university accepts certificates awarded by private seconday schools that are recognized by their host country

The university also accepts certificates awarded by recognized qualification authorities, international boards and national boards

#### Procedures for Applying

To Apply to JSU.

- Applicants may apply online by visiting www.jsu.in
- Applicants may also choose to submit their applications by hand to office of University. The application form is enclosed in the prospectus folder.

#### Documents Required for Admission to JSU

The Following document are required to process an application for admission:

- JSU application form for admission, with every item in the application completed
- · Self attested official secondary school certificate
- Official marks sheet/grade reports of the last classes (self attested)
- · Four recent photographs
- · Cast certificate (if belongs to SC/ST or OBC Category)
- · A photocopy of the applicant's ID (Voter card or Aadhar card)
- A non-refundable application fee. The appropriate document for the type of admission you are
- Proper Visa paper and photocopy of passport (for foreign students)
